Remarks by the Chair

The committee received a record number of bids for the 2005 championships. The previous high was 21 versus this year's total of 28 bids. The competition was particularly strong for the longer events, which is unusual. We appreciate the high number of bids, and encourage future bids from those not selected. In fact, previous bids will be taken into consideration for future years.

Review of 2005 championship bids and selection

Review of the bids went smoothly, finishing at 4:00. The remaining time was spent discussing a proposal from Mel Goldstein to post interim results for postal events. The meeting was recessed before a final determination was made. This will be the first agenda item on Saturday.

The meeting was adjourned at: 4:20
